

Mother Mary's Resurrection - November 2010 Newsletter

I was recently at a ceremony honoring the land and the person who was leading the event made a reference to an ancient prophecy carried to this day by indigenous tribes that makes reference to *three days of darkness* to befall the earth at some point in the near future. In a previous issue of this letter we have covered this topic of the *three days of darkness* (TDOD) from the prophecies of seers and mystics of the western world. But it was quite a revelation for me to find that the TDOD are also present in the traditions of some indigenous cultures. This, combined with Mary's message of November 2nd to Mirjana, one of the Medjugorje seers, made it necessary for me to go back to this important topic.

It should be becoming increasingly obvious to you that the world is under huge transformational pressures. Mother Mary has said many times that chaos is about to unravel, but that Her Immaculate Heart will triumph in the end and the Kingdom of God will be established on Earth. There is no doubt that the transition will be complicated, but it is essential that we remain in balance, trusting on Christ's promise that He will look over us and protect us throughout this process.

But for the Kingdom of God to be established on Earth, mankind needs to make a big transformation as well. Man has created the problems we are experiencing and if man does not change, our future will be just "more of the same." So how is it that mankind will change? Why should it change? What role do the TDOD play in this transition process?

Since the beginning of mankind, when Adam and Eve separated from God (the Fall), we have been living a "human creation", not "God's creation." Adam and Eve were fooled by the serpent when it told them they could be like God if they ate the forbidden fruit. Adam and Eve failed to realize that they were already like God, because God had created them in His image and likeness.

You and I and all the generations in between have inherited this mistake (the Original Sin). For mankind to change we have to undo the mistake and accept and believe that we already are the image and likeness of God and unite again. We have to ask Christ, and Mary for Her intercession, to help us remember this important fact every minute of the day; to forgive us for being separated from God; to have mercy on us and to grace us with the full comprehension of what this new awareness of ourselves really means to us – creator race. This is how mankind will change; and it needs to change because that was God's original plan for us.

"Dear children; With motherly perseverance and love I am bringing you the light of life to destroy the darkness of death in you. Do not reject me, my children. Stop and look within yourselves and see how sinful you are. Be aware of your sins and pray for forgiveness. My children, you do not desire to accept that you are weak and little, but you can be strong and great by doing God's will. Give me your cleansed hearts that I may illuminate them with the light of life, my Son. Thank you." [November 02 2010 Message to Mirjana]

The "separated man" lives in darkness because of not being aware of his/her divine essence. The *darkness of death in us and our sinfulness*, as Mary elutes to in this message, refers to the fact that we (the historic human being) have rejected eternal life and chosen instead the darkness of death. Even if we think we live a good, holy life, we are probably ignoring the more important fact that we live in separation from God. Every time we forget who we really are, we separate from God and therefore we are sinning against God. This is why we have to ask for forgiveness.

Now, the TDOD as discussed in the [previous letter](#) may create a unique opportunity, provided to us by God, to reevaluate *what* we are and *how* we wish to live from this point forward. It will be a time of deep introspection, when we are asked to stay inside our homes and not look out. No batteries, electric lights, nor candles will work, except blessed candles. Imagine complete darkness for three whole days. This can drive people insane, unless you understand and prepare for it. Mary will bring us the *light of life, Christ, that destroys the darkness*. Will we choose to go back to Paradise as divine beings, in the image and likeness of God, or will we look back like Lot's wife at the destruction in Sodom and become a pillar of salt? [Genesis 19:25-27]

May God bless you, Alex.
